Question	Answer	Mark	Mark scheme	Additional guidance
14 (a)	7	B1	cao	
(b)	5	B1	cao	
(c)		C2	ft for correct comparison of both medians and ranges, eg. median of boys shoe sizes is greater than the median of the girls shoe sizes and the range of the boys shoe sizes is greater than the range of the girls shoe sizes.	Simply quoting values for median, range is insufficient; they must be compared.
		(C1	ft for a correct comparison of either medians or ranges)
