**22** The table shows information about the distances that 60 people travel to work.

| Distance ($d$ miles) | Frequency |
|---|---|
| $0 < d \leqslant 10$ | 12 |
| $10 < d \leqslant 20$ | 25 |
| $20 < d \leqslant 30$ | 10 |
| $30 < d \leqslant 40$ | 8 |
| $40 < d \leqslant 50$ | 5 |

Draw a frequency polygon for the information in the table.

**(Total for Question 22 is 2 marks)**
