22 The table shows information about the distances that 60 people travel to work.

Distance (d miles)	Frequency
$0 < d \leqslant 10$	12
$10 < d \leqslant 20$	25
$20 < d \leqslant 30$	10
$30 < d \leqslant 40$	8
$40 < d \leqslant 50$	5

Draw a frequency polygon for the information in the table.

(Total for Question 22 is 2 marks)
