5	(a)			B1 B1 [2]	1.1 1.1	Graph from 3 horizontal line segments. Correct velocities labelled Times seen – either t = 5, 13, 20 or lengths of line segments 5, 8, 7 seen.	Any lines joining the horizontal lines should be vertical
5	(b)		Distance = $(4\times5)+(7\times3.5)$ m $=44.5$	M1 A1 [2]	1.1a 1.1	finding the area of at least one region from their graph oe cao	May work directly from the information in the question without reference to their graph
5	(c)		Displacement = $20-24.5=-4.5$ m	B1 [1]	1.1	Allow for –4.5 m or for 4.5 m south	Do not allow -4.5 m south
