

9 The cumulative frequency graph gives information about the marks that 60 students got in a test.

For these 60 students
the highest mark was 74
the lowest mark was 8

(a) On the grid below, draw a box plot for the distribution of the marks.

The pass mark for the test was 40

Sian says,

“30% of the 60 students passed the test.”

(b) Is Sian correct?

You must show how you get your answer.

(3)

(Total for Question 9 is 6 marks)
