

23 There are four types of cards in a game.

Each card has a black circle or a white circle or a black triangle or a white triangle.

number of cards
with a black shape : number of cards
with a white shape = 3 : 5

number of cards
with a circle : number of cards
with a triangle = 2 : 7

Express the total number of cards with a black shape as a fraction of the total number of cards with a triangle.

(Total for Question 23 is 3 marks)
